Marhaba

**Badhiya Gunatilake**

Chief Operating Officer

The past 12 months have tested our island nation and the world in myriad ways. As part of our commitment to responsible resort operation in Maldives, we have diligently maintained our properties with sustainability at the forefront of our operations.

Reflecting on our sector policies, we've refreshed our documentation, setting a clear trajectory for the years ahead. Sustainability has become a cornerstone of our approach, guiding us as we strive for continual improvement.

Our strategic efforts are crucial in painting the canvas of conservation for our natural environment. I'm pleased to announce that we have achieved the prestigious Green Globe Certification. This milestone underscores our enduring dedication to our stakeholders.

We take great pride in our accomplishments thus far, but our focus remains forward-looking. Research and development initiatives are underway to embrace green energy and implement best practices for a sustainable future.

As members of this remarkable team, I urge each of us to take ownership of our sustainability endeavors. Together, let's continue to paint the canvas of conservation for the environment we inhabit.

මාර්හබා  
Marhaba

**Dushantha Perera**  
General Manager

"Sustainability has always been a cornerstone of our operations at Adaaran Club Rannalhi, we are both honored and proud to have our efforts recognized with the prestigious Green Globe certification. Achieving the highest marks in our first assessment, with an impressive score of 88, is a testament to our unwavering commitment to environmental conservation. We will continue to build on this legacy, contributing meaningfully to the preservation of our planet."

**Manuj Gunawardhana**  
Sustainability, Champion /Chief Engineer

# OUR SUSTAINABILITY ROADMAP

SUSTAINABILITY REPORT - 2023 - 24

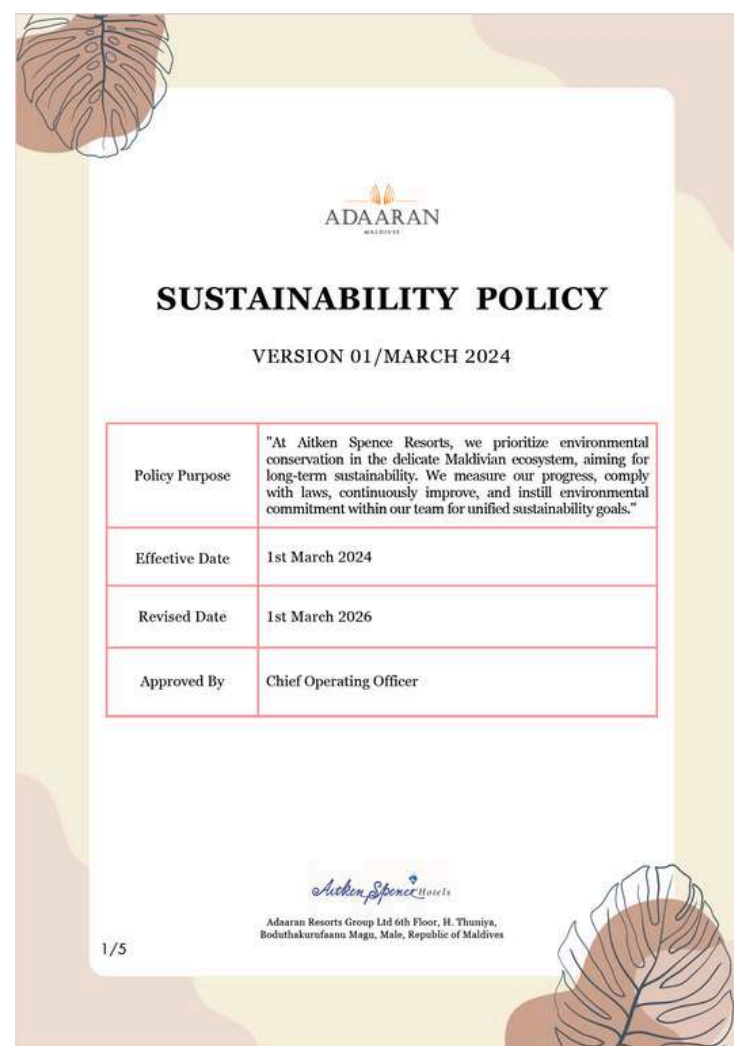

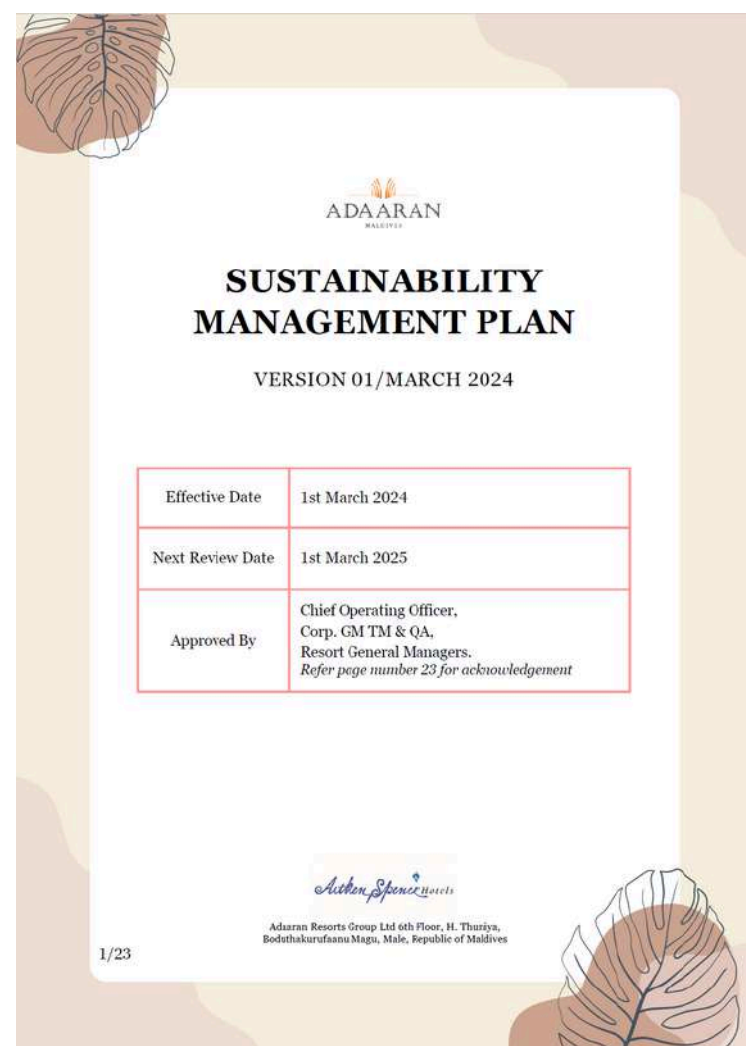

# OUR SUSTAINABILITY ROADMAP

"Our sustainability journey at Aitken Spence Resorts Maldives is guided by our Sustainability Management Plan and Policy, focusing on energy, water, waste, biodiversity, and more.

These ensure our decisions align with group objectives, minimizing our environmental impact, and promote well-being for employees, guests, and nature. We prioritize conservation in the Maldivian ecosystem, measure progress, comply with laws, and foster a team-wide commitment to sustainability. The detailed Sustainability Management Plan and Policy can be viewed through the given link and QR code for more insight into our commitment."

All policies and procedures can be accessed via the QR code.

# REFLECTING ON OUR JOURNEY

**Water, Energy, Wet & Dry Waste Management**

**Wet Garbage Management**

## Water, Energy, Wet & Dry Waste Management

At Adaaran, we are committed to the responsible management of water, energy, and waste. Scan the QR code or follow the link to explore our tangible initiatives.

- [Managing Resources Sustainably at Adaaran Resorts Maldives](#)

Discover our initiatives through the thoughtfully curated Adaaran Resorts Sustainability video, designed to offer a comprehensive understanding of our efforts.

- [Adaaran Resorts Sustainability Video](#)

Scan the QR code to learn about our energy, water, and waste management initiatives.

There has been a slight increase in water and energy consumption, largely due to a significant rise in day visit guests, which nearly doubled from 5,659 in FY 2022-2023 to 10,606 in FY 2023-2024. This growth has led to higher electricity usage. However, we successfully managed dry waste effectively during the current fiscal year.

	FY 2019-2020	FY 2020-2021	FY 2021-2022	FY 2022-2023	FY 2023-2024
Water Consumption / Guest Night	0.52	1.28	0.55	0.56	0.60
Energy Consumption / Guest Night	37.30	70.42	34.43	32.52	36.52
Dry Waste Consumption / Guest Night	3.28	0.51	3.83	3.33	3.22

## Wet Garbage Digester Machine

We adhere to strict waste management practices by segregating waste at its source and transporting it to designated disposal areas for optimal processing. Wet waste is treated using our Wet Garbage Digester Machine, which converts it into valuable soil enhancers. During 2023-24, we successfully transformed 40,555 kg of wet waste into 16,180 kg of eco-friendly soil additives.

Additionally, waste cooking oil and lubricant oil are carefully collected and transferred to a renowned supplier for refining into various products and services. This initiative, launched in 2024, has not only enhanced our sustainability efforts but also generated revenue from waste oil at the property."

# SUSTAINABILITY CERTIFICATION

Sustainability is deeply embedded in our brand DNA. As a signatory to the UNWTO's Responsible Tourism - Global Code of Ethics for Tourism, sustainability is integral to how we operate and manage our resort.

We take pride in having GSTC (Global Sustainable Tourism Council) recognized certifications that have shaped our sustainability journey at Adaaran Resorts since 2017.

In 2024, we reached another sustainability milestone by achieving the prestigious Green Globe Standard 1.7 with an impressive score of 88%.

This accolade underscores our unwavering dedication to sustainable stewardship and leadership in responsible tourism within one of the world's most pristine marine environments.

Additionally, all Adaaran properties are certified with HACCP and ISO 22000:2018 food safety certifications, demonstrating our commitment to group quality standards.

### CSR and Engagement Activities

309 associates and 160 guests were involved in our CSR and engagement activities carried out during the year.

**22,625 Kg | \$ 98,634.77** Tuna Fish and other locally harvested fish were purchased from the local fishing community during the year 2023-24

**600 | \$ 1,140.00** Paper straws were used in the last financial year, which could have easily been plastic straws.

**177,905** Single-use plastic bottles were able to stop coming into the island with the installation of the bottled water plant.

**28,240 | \$ 170,287.20** Cadjan bundles were purchased to uplift the local community.

**40,555 Kg** of wet garbage has been converted in to 16,180 Kg of ecofriendly fertilizer through our inhouse wet garbage composting machines during the year 2023-24.

**2,563 Bundles | \$ 3,790.07**

Forest Stewardship Council certified papers were used in the day-today operation.

**36 Square meters** of an areas with 300+ live **soft and Finger corals** were dressed metal frames as a part of our coral planting project in the year 2023-24.

### Committed Island Management

**243.4 Kg** of organic vegetables and 2570 coconut/ kurumba were harvested during this period with the worth of **\$ 7,946.46**.

**716 | \$ 1998** Paper Cups and Paper Plates were used in last financial year, which could have easily been plastic cups and plates.

**176,477 -1L and 1,428 - 0.5L glass water bottles** were produced through the in-house drinking water and bottling plants.

**33,400 | \$ 6,346.00** Biodegradable bags were used during this financial year, which could have easily been In-disposable bags.

**201+ participation** on **sustainability awareness and educational programs** covering over 258.5 human hours during the year 2023-24.

## IN-HOUSE VEGETABLE GARDEN

If you have gone through our previous sustainability report for the financial years, you will be well aware of our in-house vegetable garden.

Our dedicated groundskeeping team and associates came up with the idea to maintain a garden during the lockdown period. We have continued working on our vegetable garden even with the hotel operation at its peak.

During this year, we were able to harvest a total of 243.4 Kg of vegetables, and 2,570 numbers of coconuts worth USD 7,946.46.

**Spinach**  
 12 Kg  
 USD 63.48

**Coconut**  
 850 Nos  
 USD 337.37

**Radish**  
 66 Kg  
 USD 175.36

**Banana Flower**  
 8 Kg  
 USD 13.31

**Pumpkin**  
 87 Kg  
 USD 36.76

**Green Chili**  
 17.4 Kg  
 USD 189.49

**Kurumba**  
 1,720 Kg  
 USD 6,473.39

**Banana**  
 25 Kg  
 USD 95.06

**Parsley**  
 16 Kg  
 USD 422.71

**Mint**  
 12 Kg  
 USD 139.54

# SUSTAINABILITY EFFORTS

We strive to foster eco-consciousness across all areas of our business and society, investing our knowledge, time, and resources in sustainable tourism as responsible corporate citizens. Here are a few of the projects we've hosted during the financial years:

## World Oceans Day Celebration

On June 8th, 2024, in celebration of World Oceans Day, 20 in-house guests and 33 associates participated in a series of activities focused on environmental stewardship. The long beach area was cleaned with the help of both guests and staff, while reef cleaning was carried out by the dive team. Additionally, a drawing competition was organized in the kids' area, engaging 10 young participants in a creative exploration of ocean conservation.

## Environment Day Celebration

On June 5th, 2024, in celebration of Environment Day, 28 guests and 22 associates participated in various activities across the resort. A total of 25 coconut trees were planted in different locations within the resort. Additionally, the Supply Jetty area was cleaned with the help of the dive team and 5 in-house guests, resulting in the collection of approximately 50 kg of waste.

## ACR Cleaning Campaign

On February 19th, 2024, 26 associates participated in the ACR Cleaning Campaign. The initiative focused on protecting the beach area from sea erosion by utilizing Geo Textile bags, along with cleaning the staff area to ensure a safe and sustainable environment.

## Children's Day Celebration

On May 10th, 2024, ACR celebrated Children's Day in the kids' play area with 10 in-house kids and 4 associates. The celebration featured fun games and an enjoyable evening tea, making the day special for the young participants.

# BIODIVERSITY SURVEY

Adaaran Club Rannalhi Biodiversity Survey

# LEARNING & DEVELOPMENT

The Resort is committed to creating an environment for associates to achieve their career aspirations while nurturing a team of competent, motivated professionals. Companywide learning and development and quality assurance are conducted at a corporate level. For more details, please refer to the following Talent Development Reports.

During the fiscal year 2023/24, we successfully increased per-person training hours within the sector, rising from 32.3 hours to 33.81 hours per person. This was achieved with an average staff strength of 1,266 associates employed at Aitken Spence Resorts Maldives sector.

Major highlights of the L&D team include securing the prestigious Green Globe sustainability certification, executing comprehensive training programs, audits, and documentation, and launching the HO3 and 96+ Heritage and Adaaran Resorts Service Culture Training initiative. Additionally, we introduced the sector Learning Menu, completed the 7S+ Industrial Housekeeping Certification training and audits, and hosted signature programs such as the Butler Development Program, Train The Trainer and the Tea Master's Competition.

### Your ideas count:

**Aitken Spence Resorts** entered Maldives, bringing significant investment, renowned Sri Lankan hospitality, and sustainability strategies. As part of the UNWTO's Responsible Tourism initiative, sustainability is ingrained in our ethos, guiding how we operate and manage our resort operations.

2016: Began our sustainability journey with the Travelife Gold certification, becoming the first international chain to pledge our sustainability policy underwater.

2016: Initiated structured sustainability policies with effective management, auditing, and documentation, published annually in sustainability reports.

2017: Launched a Sustainability and UN Celebration Days Activity Calendar to engage associates in sustainability and social activities.

2017: Introduced Talent Development reports to highlight our initiatives in developing talent.

2017: Started Adaaran Kurimagu, a Management Training program for young Maldivians as part of our CSR efforts.

2019: Launched our plastic-free islands initiative by installing a water bottle plant at Meedhupparu, now producing 900,000 glass bottles annually across all properties.

2019: Built and opened the Maldives' first LEED-certified (Leadership in Energy and Environmental Design) resort at Heritance Aarah, setting a new standard for sustainable resort development in the region.

2019: Introduced paper straws, cups, plates, and biodegradable bags to further support the plastic-free initiative.

2000: Launched the Coral Replantation project to help save the ocean's ecosystems.

2021: Began measuring sustainable practices under the Sustainability Retrospect column, focusing on social, economic, and environmental aspects.

2021: Launched the Maldivian Village live museum experience at Heritance Aarah to preserve and showcase Maldivian heritage.

2022: Conducted the "We Love Trees" Campaign to document flora and fauna across all resorts, emphasizing environmental conservation.

2023: Invested in a Wet Garbage Digester Machine to enhance waste management and repurpose waste as soil enhancements.

2024: Achieved Green Globe Certification for the entire sector, marking a significant milestone in our sustainability journey.

As we continue our path towards greater sustainability, we recognize that our actions today shape the future of our planet. We are proud of our collective efforts and invite you to join us by watching the following video. Simply scan the QR code or click the video link to view the Video
